TRADEWEB REPORTS MARCH 2019 TRADE VOLUME

NEW YORK – April 11, 2019 – Tradeweb Markets Inc. (Nasdaq: TW), a leading, global operator of electronic marketplaces for rates, credit, equities and money markets, today reported a new monthly record for average daily volume (ADV) of \$709.1 billion (bn) in aggregate for the month of March 2019.

Activity on Tradeweb trading platforms in March included:

- ADV of \$84.9 bn in U.S. government bonds and \$24.8 bn in European government bonds representing new monthly records
- \$179.3 bn ADV in mortgages representing a new monthly record
- \$187.2 bn ADV in rates derivatives representing a new monthly record for swaps and swaptions
- ADV of \$3.0 bn in U.S. credit and \$1.3 bn in European credit
- \$689 mm in Chinese bonds
- \$19.0 bn ADV in credit derivatives representing a new monthly record for credit default swaps
- \$177.7 bn ADV in repurchase agreements
- ADV of \$3.0 bn in U.S. exchange-traded funds (ETFs) and \$1.4 bn in European ETFs

For the first quarter of 2019, Tradeweb reported a new quarterly record for ADV of \$646.6 bn. In addition, Tradeweb disclosed preliminary average variable fees per million dollars of volume traded of \$2.62 for the first quarter of 2019. The average variable fees per million dollars of volume traded are preliminary and therefore subject to revision in subsequent reports and filings. Tradeweb undertakes no obligation to update any fee information in future press releases.

Forward-Looking Statements

This release contains forward-looking statements within the meaning of the federal securities laws. Statements related to, among other things, our outlook and future performance, the markets in which we operate, and our expectations, beliefs, plans, strategies, objectives, prospects, assumptions, or future events are forward-looking statements.

We have based these forward-looking statements on our current expectations, assumptions, estimates and projections. While we believe these expectations, assumptions, estimates and projections are reasonable, such forward-looking statements are only predictions and involve known and unknown risks and uncertainties, many of which are beyond our control. These and other important factors, including those discussed under the heading “Risk Factors” in our prospectus filed with the SEC on April 5, 2019 and other documents of Tradeweb on file with or furnished to the SEC, may cause our actual results, performance or achievements to differ materially from those expressed or implied by these forward-looking statements. In particular, preliminary average variable fees per million dollars of volume traded are subject to the completion of management’s final review and our other financial closing procedures and therefore are subject to change. Given these risks and uncertainties, you are cautioned not to place undue reliance on such forward-looking statements. The forward-looking statements contained in this

release are not guarantees of future performance and our actual results of operations, financial condition and liquidity, and the development of the markets in which we operate, may differ materially from the forward-looking statements contained in this release. In addition, even if our results of operations, financial condition, and liquidity, and events in the markets in which we operate, are consistent with the forward-looking statements contained in this release, they may not be predictive of results or developments in future periods.

Any forward-looking statement that we make in this release speaks only as of the date of such statement. Except as required by law, we do not undertake any obligation to update or revise, or to publicly announce any update or revision to, any of the forward-looking statements, whether as a result of new information, future events or otherwise, after the date of this release.

About Tradeweb Markets

Tradeweb Markets Inc. (Nasdaq: TW) is a leading, global operator of electronic marketplaces for rates, credit, equities and money markets. Founded in 1996, Tradeweb provides access to markets, data and analytics, electronic trading, straight-through-processing and reporting for more than 40 products to clients in the institutional, wholesale and retail markets. Advanced technologies developed by Tradeweb enhance price discovery, order execution and trade workflows while allowing for greater scale and helping to reduce risks in client trading operations. Tradeweb serves approximately 2,500 clients in more than 60 countries. In an average trading day, Tradeweb facilitates more than \$570 billion in notional value.
