Any Notice to Participants shall be deemed to have been made to all Participants and Authorized Users.
- (c) Each Introducing Agent and Account Manager is responsible for providing relevant Notices to Participants to each of its Trading Customers or Client Accounts, as applicable, and the Company shall not be responsible or liable for the failure of any Introducing Agent or Account Manager to provide Notices to Participants to any of its Trading Customers or Client Accounts.

The withdrawal of a Participant shall not affect the rights of the Company under these Rules or relieve the former Participant of its obligation under the terms of any Swap entered into or otherwise arising under these Rules before the effective date of such withdrawal. A Participant that has withdrawn remains subject to these Rules, the Company requirements and the jurisdiction of the Company for acts done and omissions made while a Participant, and must cooperate in any disciplinary proceeding under Chapter 7 as if the withdrawn Participant were still a Participant.

313. Financial or Other Incentive Programs

If the Company modifies or cancels an Order under this Rule 405, it will do so in good faith and in a commercially reasonable manner and will provide prior written notice of such modification or

407. Price Adjustments, Cancellations and Review of Executed Orders by the Company

(a) *Adjustment and Cancellation Authority.*

The Company may adjust trade prices or cancel executed orders, solely in accordance with published policies of the Company, when such action is necessary to mitigate market disrupting events caused by: (i) improper conduct such as market manipulation or clearly erroneous trading behavior (e.g., fat finger), including in connection with a Cleared Error Swap under Rule 1005 or (ii) malfunctions in the Company's systems. If the Company takes any action pursuant to this Rule 407(a), it will do so in a commercially reasonable manner, considering whether such price adjustment or cancellation will adversely impact market integrity, facilitate market manipulation or other illegitimate activity, or otherwise violate the Rules or Applicable Law, and it will give prompt notice and in any event will use good faith, commercially reasonable efforts to provide any affected Participants (including, where applicable, a Participant that is an Introducing Agent or Account Manager acting on behalf of any affected Trading Customer or Client Account counterparty) with reasonable prior notice and, where required by Applicable Law (including CFTC Regulation 37.405 (Risk Controls for Trading)), to obtain consent to such adjustment or cancellation. Such Participants, if acting as Introducing Agents or Account Managers, shall be responsible for obtaining any required consent to such adjustment or cancellation from their Trading Customer(s) or Client Account(s).

(b) *Review of Trades Generally.*

Subject to Rule 407(c), the Company may initiate a review of a trade based on its analysis of market conditions or in response to a request for review by a Participant (including, where applicable, a Participant that is an Introducing Agent or Account Manager acting on behalf of any affected Trading Customer or Client Account counterparty). Such request for review must be made as soon as practicable but in no event after the end of the Business Day in which such transaction took place. The Company shall promptly determine whether the trade will be subject to review, and upon deciding to review a trade, the Company will promptly issue an alert to all affected Participants indicating that the trade is under review. In the case of Swaps determined by the Company to be illiquid, the Company may initiate a review on its own initiative if it determines that the trade price was significantly out of line with prices in the market at the time of such transaction (based on pricing data that is readily available to the Company). In the course of its review of any trade, the Company may, but is not obligated to, inform any of the parties to the trade of the identity and contact information of any other party to the trade.

(c) *Review of DCO Rejected Swaps and Cleared Error Swaps.*

The Company may initiate a review of a potential DCO Rejected Swap or a Cleared Error Swap by its own initiative or in response to a request by a Participant (including, where applicable, a Participant that is an Introducing Agent or Account Manager acting on behalf of any affected Trading Customer or Client Account counterparty) pursuant to Rule 1005. Such request for review must be made as soon as practicable but in no event after the applicable timeframes specified in Rule 1005. The Company will promptly issue an alert to all affected Participants (including, where applicable, any Participant that is an Introducing Agent or Account Manager acting on behalf of any affected Trading Customer or Client Account counterparty) indicating that the trade is under review and/or indicating the conclusions and any actions the Company will take based on its review. In the course of its review of any trade, the Company may, but is not obligated to, inform any party to the trade of the identity and contact information of any other party to the trade. Following its review, if the Company takes any action pursuant to Rule 1005, it will do so in a commercially reasonable manner, considering whether such action will adversely impact market integrity, facilitate market manipulation or other illegitimate activity, or otherwise violate the Rules or Applicable Law.

(d) *Errors or Omissions.*

The Company provides a Help Desk telephone number and email address (support@dealerweb.com) to report any errors or omissions. Upon receipt of a report of an error or omission, the Company reviews the audit trail information and contacts the counterparties to the trade to confirm the error or omission. If the error or omission is confirmed, the Company follows the procedures on correction noted above. If the error or omission is not confirmed, the Company contacts the Participant that provided the notice to notify the Participant that there will be no correction to the data previously reported to the SDR.

408. Position Limits

- (a) To reduce the potential threat of market manipulation or congestion, the Company shall adopt for each of the contracts of the facility, as is necessary and appropriate, position limitations for speculators. The Company may grant exemptions from position limits, as it may determine to be necessary and appropriate, in accordance with CFTC Regulations (including notice provisions consistent with Applicable Law, including CFTC Regulation 40.5(a)(6) (Voluntary Submission of Rules For Commission Review and Approval) and 40.6(a)(2) (Self-Certification of Rules) and CFTC Regulations 37.600 (Position Limits or Accountability) and 37.601 (Additional sources for compliance)). This Rule 408 shall apply in the event that the Company does adopt any such position limits, which limits will be included in these Rules, if adopted, and prior notice of any such adoption will be provided as a Notice to Participants consistent with Rule 310 and in accordance with Applicable Law (including notice provisions consistent with Applicable Law, including CFTC Regulation 40.5(a)(6) (Voluntary Submission of Rules For Commission Review and Approval) and 40.6(a)(2) (Self-Certification of Rules)).
- (b) A Person seeking an exemption from position limits, including limits established pursuant to a previously approved exemption, must file the required application with the Market Regulation Team and receive approval prior to exceeding such limits. Notwithstanding the foregoing, a Person who establishes an exemption-eligible position in excess of position limits and files the required application with the Company shall not be in violation of this Rule provided the filing occurs within one Business Day after assuming the position. In the event the positions in excess of the limits are not deemed to be exemption-eligible, the applicant will be in violation of speculative limits for the period of time in which the excess positions remained open.
- (c) The application must be in the form and manner prescribed by the Market Regulation Team and, at a minimum, must: (i) provide a description of the exemption sought,

- (e) A Person who exceeds a position limit as a result of maintaining positions in Swaps at more than one Clearing Member shall be deemed to have waived confidentiality regarding its positions and the identity of the Clearing Members at which those positions are maintained if such Person does not remedy the position limit breach on its own as soon as practicable but in no event later than the end of the trading day during which it exceeded such position limit and received notice from the Company thereof.
- (f) Nothing in this Rule shall in any way limit the authority of the Company to take action in response to an Emergency or the authority of the Company to review at any time any position owned or controlled by any Person and, as the Company may deem necessary to comply with Applicable Law (including CFTC Regulations 37.600 (Position Limits or Accountability) and 37.601 (Additional sources for compliance)), to direct that such position be reduced to the position limit provided by the Company.

411. Block Trades

- (a) The Company may designate any Swap as eligible for Block Trades under this Rule and shall determine the minimum size thresholds for the Swaps in which Block Trades are permitted. In determining the minimum size threshold, the Company shall take into consideration (to the extent available) the size distribution of transactions in the Swap, the size distribution of transactions in the related cash markets, and all other information relevant to transaction size in the relevant Swap. Participants and Trading Customers may enter into Block Trades, at prices mutually agreed, with respect to Swaps that have been designated by the Company for such purpose, provided that the conditions in this Rule 411 are satisfied. The Company will report swap transaction and pricing data and Required Swap Creation Data for each Block Trade to the SDR as soon as technologically practicable after such information has been reported to the Company.
 - (ii) The Company may, but is not required to, accept and process a Block Trade where the Reporting Counterparty is a Participant or a Trading Customer of an Introducing Agent or a Client Account of an Account Manager, but the counterparty to the trade is not a Participant or a Trading Customer of an Introducing Agent or a Client Account of an Account Manager, provided that the Reporting Counterparty or its Introducing Agent or Account Manager, as applicable, has entered into the appropriate documentation with the Company that includes a representation by the Reporting Counterparty or its Introducing Agent or Account Manager, as applicable, to the Company that the non-Reporting Counterparty to the Transaction (A) is an Eligible Contract Participant, (B) has authorized the Reporting Counterparty or its Introducing Agent, as applicable, to report the Block Trade to the Company, and (C) agrees that such Block Trade will be subject to the Rules and will satisfy any other obligations that the Company may prescribe.

412. Emergencies

- (a) *Emergency Defined.* The term “Emergency” means any occurrence or circumstance that, in the opinion of the Board, the CEO or the Chief Administrative Officer, requires immediate action and threatens or may threaten the fair and orderly trading in, or the liquidation of or delivery pursuant to, any Swap traded pursuant to these Rules. An Emergency may include any of the following:
 - (i) Any manipulative activity or attempted manipulative activity;
 - (ii) Any actual, attempted or threatened corner, squeeze, congestion or undue concentration of positions;
 - (iii) Any circumstance that may materially affect the performance of Swaps, including failure of the payment system or the bankruptcy or insolvency of any Participant or Trading Customer;
 - (iv) Any action taken by the U.S. federal or any foreign government, any other governmental body, or any other entity or trading facility (foreign or domestic), in each case that may have a direct impact on clearing, settlement or trading on the SEF; and
 - (v) Any circumstance that may have a severe, adverse effect upon the functioning of the SEF.

- (b) *Emergency Authority.* In the event of an Emergency, the Chief Administrative Officer or any individual designated by the Chief Administrative Officer and approved by the Board may place into immediate effect a temporary emergency addition to these Rules which may provide for, or may authorize the Board or any committee thereof to undertake, actions necessary or appropriate to respond to the Emergency, including such actions as:
- (i) imposing or modifying position limits, price limits or intraday market restrictions;
 - (ii) imposing special margin requirements on any Swap;
 - (iii) ordering the liquidation or transfer of open positions in any Swap;
 - (iv) ordering the fixing of a settlement price of any Swap;

Provided that, subject to Applicable Law (including CFTC Regulations 37.800 (Emergency Authority) and 37.801 (Additional Sources for Compliance)), the Company will use reasonable efforts to coordinate with applicable DCOs or its RSP before taking an action listed in this Rule 412(b) which would require cooperation by such DCO or RSP.

- (c) Any action placed into effect in accordance with Rule 412(b) shall be reviewed by the Board as soon as practicable under the circumstances and may be revoked, suspended or modified by the Board. The Company will provide notice of such action to Participants as soon as practicable. Participants shall be responsible for informing their Trading Customers or Client Accounts, as applicable, of such notice. The Company shall not be responsible or liable for a Participant's failure to inform its Trading Customer or Client Account of such notice.
- (d) *Physical Emergency.* If, in the judgment of the CEO, the Chief Administrative Officer, or any individual designated by the CEO or the Chief Administrative Officer and approved by the Board, the physical functions of the SEF are, or are threatened to be, severely and adversely affected by a physical emergency, such Person shall have authority to take such action as he may deem necessary or appropriate to respond to such physical emergency, including closing the SEF, delaying the opening of trading in one or more Swaps or suspending trading in or extending Trading Hours for one or more Swaps. In the event that any action has been taken pursuant to the immediately preceding sentence, any Person who is authorized to take such action may order the removal of any restriction previously imposed pursuant to such sentence, upon a determination by such Person that the physical emergency that gave rise to such restriction has sufficiently abated to permit the physical functions of the SEF to continue in an orderly manner. Any Order, Voice RFQ or response to a Voice RFQ by any Person shall be subject to review, modification or reversal by the Board. In the event that trading is suspended in any or all Swaps, any unexecuted Orders, Voice RFQs or responses to Voice RFQs for the suspended Swaps that are currently resting in the SEF will automatically be cancelled and must be resubmitted upon resumption of trading in the affected Swaps.

- (e) *Notification and Recording.*

 - (ii) Whenever the Company takes action pursuant to this Rule 412 to respond to an Emergency it will, where practicable, ensure that prompt notice is given to Participants. Participants shall be responsible for informing their Trading Customers or Client Accounts, as applicable, of such notice. The Company shall not be responsible or liable for a Participant's failure to inform its Trading Customer or Client Account of such notice.
 - (iii) Upon taking any action in response to an Emergency, the Company shall document the decisions and deliberations related to such action. Such documentation will be maintained for at least five years following the date on which the Emergency ceases to exist or to affect the Company. Under Section (a)(2) of the Guidance to Core Principle 8 for Part 37 of the CFTC Regulations, the Company will promptly notify the CFTC of its exercise of emergency action, explaining its decision-making process, the reasons for using its emergency authority, and how conflicts of interest were minimized, including the extent to which the Company considered the effect of its emergency action on the underlying markets and on markets that are linked or referenced to the contracts traded on its facility, including similar markets on other trading venues. Information on all regulatory actions carried out pursuant to the Company's emergency action shall be included in a timely submission of a certified rule pursuant to Part 40 of the CFTC Regulations.
 - (iv) When the Company determines that the Emergency has been reduced sufficiently to allow the Company to resume normal functioning, any such actions will be modified or terminated, as appropriate, and notice, when practicable, will be given to Participants. Participants shall be responsible for informing their Trading Customers or Client Accounts, as applicable, of such notice. The Company shall not be responsible or liable for a Participant's failure to inform its Trading Customer or Client Account of such notice.
- (f) *Conflicts of Interest.* The conflict of interest provisions set forth in Rule 214 and the related documentation requirements set forth in Rule 214 shall apply, with any such modifications or adaptations as may be necessary or appropriate under the circumstances, to the taking of any action under this Rule 412 by the CEO, the Chief Administrative Officer or his designee.

503. Books and Records; Cooperation in Proceedings

- (a) Each Participant, Authorized User, Client Account and Trading Customer shall prepare and keep current all books, ledgers and other similar records (including but not limited to records of any such Person's activity in the index or instrument used as a reference price, the underlying commodity, and related derivatives markets), in the manner prescribed by the CEA, CFTC Regulations and these Rules, and shall prepare and keep current such other books and records and adopt such forms as the Company may from time to time prescribe. Such books and records shall be made available to the Company and its authorized representatives upon request during regular business hours, and the Company agrees to adhere to reasonable logical and physical access and security procedures of such Participant, Authorized User, Client Account or Trading Customer, and with respect to the CFTC, the Department of Justice and their respective authorized representatives, upon request in accordance with Applicable Law, including CFTC Regulation 37.203 (Rule Enforcement Program) and 37.404 (Ability to Obtain Information).
- (b) Each Participant, Authorized User, Client Account and Trading Customer shall provide the RSP with the same access to its books and records and offices as it is required to provide the Company under these Rules and Applicable Law, including CFTC Regulation 37.203 (Rule Enforcement Program) and 37.404 (Ability to Obtain Information).

- (c) Upon reasonable prior notice, the Company may require a Participant, its Authorized User(s) or Trading Customer(s), or a Client Account to furnish, such information concerning the Participant's, Client Account's, Authorized User's or Trading Customer's business that is subject to these Rules as the Company deems necessary to enable it to perform its obligations under Applicable Law, including CFTC Regulation 37.203 (Rule Enforcement Program) and 37.404 (Ability to Obtain Information), including information relating to (i) Swaps executed on the SEF, including the information required under CFTC Regulation 37.404(b), and (ii) information requested by a government agency relating to the Company and/or the Company's compliance with Applicable Law that the Company believes is maintained by, or otherwise in the possession of, a Participant, Client Account, Authorized User or Trading Customer.

Each Participant shall be bound by any actions taken through the use of its User IDs or passwords, including the execution of transactions, whether or not such actions were authorized by such Participant or any of its Authorized Users or EA Trading Customers or executed by anyone other than an Authorized User or EA Trading Customer of such Participant, except to the extent that (a) Participant has notified the Company in writing that such User ID or password should be canceled or suspended and the Company has not taken appropriate actions within a reasonable time to cancel or suspend such User ID or password, or (b) unauthorized use of the User ID or password is the direct result of gross negligence or willful misconduct by the Company.

505. Front-End User Interface; Audit Trail

- (a) Each Participant shall be solely responsible for ensuring that any front-end interface connecting to the SEF that is not provided by the Company, and that is used by the Participant, its Authorized Users, EA Trading Customers or any other Person using its User IDs, maintains a routing/front-end audit trail for all Orders, Voice RFQs or responses to Voice RFQs, including entry, modification, cancellation and responses to such messages, entered into the SEF through any gateway to the SEF, including the times thereof to the highest level of precision achievable by the Participant's operating system, but at least to the nearest second ("Audit Trail"). Data that are so captured must not be capable of being modified.
- (b) Participants shall maintain, or shall cause other third parties to whom they have provided connectivity to the SEF to maintain, Audit Trail data in the form and manner required by CFTC Regulations (including CFTC Regulation 37.205 (Audit Trail)) and in accordance with such additional requirements as may be established by the Company. Participants must have the ability to produce such data, or cause such data to be produced, in a standard format upon request of the Market Regulation Team.

506. Financial Requirements

Each Participant must notify the Company promptly upon becoming aware that it, or any of its Trading Customers, fails to satisfy the minimum financial requirements applicable to it in order to participate on the SEF, including the requirement to qualify as an Eligible Contract Participant. Upon request by the Company, Participants shall submit financial and related information for itself

and its Trading Customers to the Company and the RSP sufficient to demonstrate that it or its Trading Customers, as applicable, qualify as an Eligible Contract Participant(s). A Participant that is unable to demonstrate to the Company that (a) it is in compliance with such minimum financial requirements shall not engage in transactions subject to these Rules except for the purpose of closing open positions or (b) one of its Trading Customers is in compliance with such minimum financial requirements shall not engage in transactions on behalf of such Trading Customer subject to these Rules except for the purpose of closing open positions.

507. Restrictions on Activity

If the Company determines that the financial or operational condition of a Participant, Trading Customer or one of its Affiliates is such that to allow that Participant or Trading Customer to continue to have access to the SEF would adversely affect the Company or the financial markets, the Company may limit or restrict the number or type of Swaps that may be traded by such Participant or Trading Customer on the SEF or terminate, in whole or in part, the Trading Privileges of such Participant or such Trading Customer's Introducing Agent(s), as well as the exercise of such Trading Privileges by its or their Authorized Users.

508. Disaster Recovery; Business Continuity

- (a) Each Participant shall have written disaster recovery and business continuity policies and procedures in place in accordance with Applicable Law.

603. Fraudulent Acts

No Participant, Authorized User, Trading Customer, or other Person shall engage in any fraudulent act or engage in any scheme to defraud, deceive, trick or mislead another person (including the Company or the RSP) in connection with or related to any Swap on or other activity related to the SEF, including trading ahead of Trading Customer orders, improperly trading against Trading Customer orders, improper cross trading, accommodation trading, or front running.

604. Fictitious Transactions Prohibited

No Participant, Authorized User, Trading Customer, or other Person shall engage in fictitious transactions, or submit a fictitious Order, Voice RFQ or response to a Voice RFQ, with knowledge of its nature.

605. Market Disruption Prohibited

Orders, Voice RFQs or responses to Voice RFQs entered into the SEF for the purpose of upsetting the equilibrium of the market in any Swap or creating a condition in which prices do not or will not reflect market values (based on market conditions and prices at the time such Order, Voice RFQ or response to a Voice RFQ is entered into the SEF, as determined by reference to available market data) are prohibited, and any Participant, Authorized User, or Trading Customer who makes or assists in entering any such Order, Voice RFQ or response to a Voice RFQ with knowledge of the purpose thereof or who, with such knowledge, in any way assists in carrying out any plan or scheme for the entering of any such Order, Voice RFQ or response to a Voice RFQ will be deemed to have engaged in an act detrimental to the Company.

606. Market Manipulation Prohibited

No Participant, Authorized User, or Trading Customer or other Person shall manipulate or attempt to manipulate the market in any Swap.

607. Disruptive Trading Practices Prohibited

No Participant, Authorized User, or Trading Customer shall engage in any trading practice or conduct that constitutes a "disruptive trading practice," as such term is described in Section 4c(a)(5) of the CEA and CFTC Regulations, provided, however, that Section 4c(a)(5)(A) of the CEA (violating bids and offers) is not applicable when a person is using an execution method other than the Order Book (*i.e.*, an RFQ).

608. Prohibition of Misstatements

It shall be a violation of these Rules for a Participant, Authorized User, Trading Customer or other Person to make any knowing misstatement of a material fact to the Company (including the Board, any Standing Committee, any other committee of the Company, any Disciplinary Panel or Appeals Panel or any Company Official) or to the RSP (including any members of its staff) or knowingly to

omit to state a material fact necessary in order to make the statement made, in the light of the circumstances under which they were made, not misleading.

609. Acts Detrimental

It shall be a violation of these Rules for a Participant, Authorized User, Trading Customer or other Person to engage in any act which is materially detrimental to the Company's ability to operate the SEF or comply with Applicable Law.

610. Supervision

A Participant or EA Trading Customer shall be responsible for establishing, maintaining and administering supervisory procedures that are reasonably designed to ensure that its Authorized Users comply with these Rules. A Participant or EA Trading Customer may be held accountable for the actions of its Authorized Users.

611. Disclosing Orders, Voice RFQs

Except as otherwise permitted by these Rules, no Participant or any Authorized User or Trading Customer shall disclose to any Person that is not acting on behalf of such Participant or Trading Customer the terms of any Order, Voice RFQ or response to a Voice RFQ prior to its entry into the SEF, other than (a) an Authorized User of the same Participant for the sole purpose of executing or recording such Order, Voice RFQ or response to a Voice RFQ, (b) a Company Official, (c) the RSP, the CFTC, the Department of Justice or any other regulatory or self-regulatory organization with jurisdiction over the Company or such Participant or Trading Customer, or (d) the Client Account(s) or Trading Customer(s) on behalf of which such Participant is acting as Account Manager or Introducing Agent with respect to such Order or Voice RFQ.

612. Customer Swap Execution

- (a) An Authorized User shall not submit an Order, Voice RFQ or response to a Voice RFQ for an Introducing Agent's own account when such Authorized User knows that the Introducing Agent is in possession of a request from a Trading Customer to submit an Order, Voice RFQ or response to a Voice RFQ for the same Swap, which request has not been executed, cancelled or expired.
- (b) Neither an Introducing Agent nor any of its Authorized Users shall withhold or withdraw from the SEF any Order, Voice RFQ or response to a Voice RFQ for the benefit of any Person other than the Trading Customer submitting the Order, Voice RFQ or response to a Voice RFQ.
- (c) An Introducing Agent shall, as soon as is technologically practicable, submit to the SEF as an Order, Voice RFQ or response to a Voice RFQ (as applicable, based on the Trading Customer's instruction) all executable trading instructions received from its Trading Customers, unless the Trading Customer has requested that the transaction be executed as a Block Trade pursuant to Rule 411 or as a Permitted Package Transaction pursuant to Rule 411.A. If such trading instruction cannot be immediately entered into the SEF, an electronic record that includes the account identifier of the Trading Customer, time of receipt, and terms of the trading instruction, must immediately be created, and the trading instruction must be entered into the SEF as soon as practicable thereafter.
- (d) Non-discretionary executable trading instructions of a Trading Customer received by an Introducing Agent shall be entered into the SEF as Orders, Voice RFQs or responses to Voice RFQs (as applicable, based on the Trading Customer's instruction) in the sequence received, unless the Trading Customer has requested that the transaction be executed as a Block Trade pursuant to Rule 411 or as a Permitted Package Transaction pursuant to Rule 411.A. Non-discretionary trading instructions that cannot be immediately entered

must be entered when the trading instructions become executable, in the sequence in which the trading instructions were received.

- (e) Cross Trades must satisfy Rule 404.A(d)(ii).

613. Wash Sales Prohibited

No Person shall buy and sell a Swap, place or accept buy and sell Orders, Voice RFQs or responses to Voice RFQs in the same Swap, or knowingly execute or accommodate the execution of such Orders, Voice RFQs or responses to Voice RFQs by direct or indirect means, if the Person knows or reasonably should know that the purpose of the transactions is to avoid taking a bona fide market position exposed to market risk. Buy and sell Orders, Voice RFQs or responses to Voice RFQs for different accounts with common Beneficial Ownership that are entered with the intent to negate market risk or price competition shall also be deemed to violate this Rule.

614. “Money passing,” Pre-Arranged and Noncompetitive Transactions Prohibited

- (a) No Person may enter Orders, Voice RFQs or responses to Voice RFQs the purpose of which is to enter into Swaps without a net change in either party’s open positions but a resulting profit to one party and a loss to the other party, commonly known as a “money pass.”
- (b) No Person shall pre-arrange any purchase or sale or noncompetitively execute any transaction on or pursuant to the Rules of the SEF.
- (c) The provisions of paragraph (b) shall not apply to (i) Cross Trades executed in accordance with Rule 404.A(d)(ii), (ii) Swaps executed by Voice RFQ in accordance with Rule 404.B(ii), (iii) Block Trades executed in accordance with Rule 411, (iv) Permitted Package Transactions executed in accordance with Rule 411.A, or (v) New Swaps/Old Terms or New Swaps/Corrected Terms executed in accordance with Rule 1005.

 - (iv) CTI 4 - Any transaction not within the definition of CTI 1, 2 or 3, including transactions entered into on behalf of Trading Customers.
- (b) CTI 2 will be the default CTI code for all Orders, Voice RFQs or responses to Voice RFQs, but each Participant, Authorized User or Trading Customer may assign a different CTI to its Orders, Voice RFQs or responses to Voice RFQs.

616. Reporting Counterparty

The Reporting Counterparty for each Swap has been established by the Company through automated systems where possible pursuant to CFTC Regulation 45.8 as follows:

- (a) If only one counterparty is a swap dealer (“SD”), the SD shall be the reporting counterparty.
- (b) If neither counterparty is a SD, and only one counterparty is a major swap participant (“MSP”), the MSP shall be the reporting counterparty.
- (c) If both counterparties are non-SD/MSP counterparties, and only one counterparty is a financial entity as defined in CEA section 2(h)(7)(C), the counterparty that is a financial entity shall be the reporting counterparty.
- (d) If both counterparties are SDs, or both counterparties are MSPs, or both counterparties are non-SD/MSP counterparties that are financial entities as defined in CEA section 2(h)(7)(C), or both counterparties are non-SD/MSP counterparties and neither counterparty is a financial entity as defined in CEA section 2(h)(7)(C):
 - (i) For a Swap executed on the Company’s trading platform or facility, the counterparties shall agree which counterparty shall be the reporting counterparty, after notification by the Company.
 - (ii) For an off-facility swap, the counterparties shall agree as one term of their swap which counterparty shall be the reporting counterparty prior to reporting to the Company pursuant to Rule 411.
- (e) Notwithstanding the provisions of paragraphs (a) through (d) of Rule 616, if both counterparties to a Swap are non-SD/MSP counterparties and only one counterparty is a U.S. person, the U.S. person shall be the reporting counterparty.
- (f) Notwithstanding the provisions of paragraphs (a) through (e) of Rule 616, if neither counterparty to a swap is a U.S. person, but the swap is executed on the Company’s trading platform or facility:
 - (i) The counterparties shall agree which counterparty shall be the reporting counterparty, after notification by the Company;
 - (ii) For an off-facility swap pursuant to Rule 411, the counterparties shall agree as one term of their swap which counterparty shall be the reporting counterparty.
- (g) Notwithstanding the provisions of paragraphs (a) through (f) of Rule 616, if a Reporting Counterparty cannot be determined, then the Company shall require the buyer or recipient of the fixed rate to be the Reporting Counterparty, after notification by the Company.
- (h) In all cases, for a Swap subject to the exception from the clearing requirement, the Reporting Counterparty shall provide the Company with the information required for SDR reporting set forth in CFTC Regulation 50.50(b).
- (i) In all cases, for a Swap subject to the exemption from the clearing requirement as a Swap related to a swap between affiliates, the Reporting Counterparty shall provide the Company with the information required for SDR reporting set forth in CFTC Regulation 50.52(c).

Chapter 7. DISCIPLINE AND ENFORCEMENT

701. General

- (a) All Persons subject to the Company's jurisdiction under Rule 301, including any Participant, Authorized User, Trading Customer or Clearing Member, are subject to this Chapter 7 if they, or any other Person using any of its User IDs, are alleged to have violated, or to have aided and abetted a violation of, or are about to violate, any Rule or any provision of Applicable Law for which the Company possesses jurisdiction.
- (b) The Company, through the Market Regulation Team and the Disciplinary Panel, will conduct inquiries, investigations, disciplinary proceedings and appeals from disciplinary proceedings, summary impositions of fines, summary suspensions or other summary actions in accordance with this Chapter 7. Members of the Market Regulation Team shall not operate under the control of any person with the ability to exercise Trading Privileges.
- (c) The Company may delegate any or all of its powers or responsibilities under this Chapter 7 to the RSP, which may take any action on behalf of the Company that the Company is permitted to take hereunder; provided, however, that the Company shall retain supervisory authority with respect to such powers and responsibilities and will document instances where its actions differ in any material respect from those recommended by the RSP. In the event of any such delegation, references to the Market Regulation Team in this Chapter 7 shall be construed to be references to the RSP.
- (d) No Company Official or member of the Board will interfere with or attempt to influence the process or resolution of any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action, except where such individual is a member of the enforcement staff or a member of the relevant Disciplinary Panel.
- (e) Any Participant, Authorized User, Trading Customer or Clearing Member may be represented by counsel at their own expense during any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary actions pursuant to this Chapter 7.
- (f) The Company may hold a Participant liable for, and impose sanctions against, such Participant for such Participant's own acts and omissions, the acts or omissions of the Participant's Authorized Users, or the acts or omissions of any Person or API using a User ID of such Participant or any of its Authorized Users, provided, however, that a Participant shall not be liable for the acts and omissions of a Trading Customer if the Participant took reasonable steps to ensure that its activities on behalf of the Trading Customer, and the activities of its Trading Customer, related to the SEF, wherever conducted, complied with all Applicable Law.

702. Inquiries and Investigation

- (a) The Market Regulation Team will investigate any matter within the Company's jurisdiction of which it becomes aware. The Market Regulation Team will determine the nature and scope of its inquiries and investigations within its sole discretion and will function independently of any commercial interests of the Company.
- (b) The Market Regulation Team has the authority to:
 - (i) initiate and conduct inquiries and investigations;
 - (ii) prepare Investigation Reports and make recommendations concerning initiating disciplinary proceedings;
 - (iii) prosecute alleged violations within the Company's jurisdiction; and

- (iv) represent the Company on an appeal to an Appeal Panel of any disciplinary proceeding, summary imposition of fines, summary suspension or other summary action.
- (c) Each Participant, Authorized User, Trading Customer, Clearing Member, Client Account, Clearing Customer or other Person with respect to Orders, Voice RFQs or responses to Voice RFQs or transactions on the SEF:
- (i) is obligated to appear, testify and respond in writing to interrogatories within the time period required by the Market Regulation Team in connection with:
 - (A) any Rule;
 - (B) any inquiry or investigation; or
 - (C) any preparation by and presentation during a disciplinary proceeding or appeal from a decision in a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action by the Company;
 - (ii) is obligated to produce books, records, papers, documents or other tangible evidence in his possession, custody or control within the time period required by the Market Regulation Team in connection with:
 - (A) any Rule;
 - (B) any inquiry or investigation; or
 - (C) any preparation by and presentation during a disciplinary proceeding or appeal from a decision in any disciplinary proceeding, summary imposition of fines, summary suspension or other summary action by the Company; and
 - (iii) may not impede or delay any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action.

703. Reports of Investigations

- (a) The Market Regulation Team will maintain a log of all investigations and their disposition. The Market Regulation Team will prepare a written report of each investigation (the "Investigation Report"), regardless of whether the evidence gathered during any inquiry or investigation forms a reasonable basis to believe that a violation within the Company's jurisdiction has occurred or is about to occur or whether the evidence gathered results in closing the matter without further action or through summary action.
- (b) Any Investigation Report will include the reasons for initiating the investigation (including a summary of the complaint, if any), all relevant facts and evidence gathered and the analysis, conclusions and recommendation of the Market Regulation Team. For each potential respondent, the Market Regulation Team will recommend either (i) closing the investigation without further action, (ii) entering into a summary action, (iii) resolving the investigation through an informal disposition, including the issuance by the Market Regulation Team of a warning letter (provided that no more than one warning letter for the same violation may be issued to the same potential respondent during a rolling 12-month period), (iv) initiating disciplinary proceedings, or (v) negotiating a settlement. An informal disposition (including the issuance of a warning letter by the Market Regulation Team) will not constitute a finding of a violation or a sanction.
- (c) The Market Regulation Team shall provide the Investigation Report to the Chief Compliance Officer, who shall determine whether the Investigation Report is complete.

- (d) The Market Regulation Team shall complete each investigation in a timely manner and, absent mitigating factors, no later than 12 months after the date that such investigation was opened.

704. Opportunity to Respond

- (a) After completing the Investigation Report, the Market Regulation Team may, upon approval of the Chief Compliance Officer, notify each potential respondent that the Market Regulation Team has recommended formal disciplinary charges against each such potential respondent.
- (b) The Market Regulation Team may allow a potential respondent to propose a settlement of the matter or to submit a written statement explaining why either a disciplinary proceeding should not be instituted or one or more of the potential charges should not be brought. The potential respondent shall submit such written statement within the time limit established by the Market Regulation Team.

705. Review of Investigation Reports

- (a) After the completion of the Investigation Report and the receipt of any submission made by the potential respondent pursuant to Rule 704(b), the Market Regulation Team will, within 30 days, take one of the following actions:
 - (i) If the Market Regulation Team determines that additional investigation or evidence is needed to decide whether a reasonable basis exists to believe that a violation within the Company's jurisdiction has occurred or is about to occur, it will conduct further investigation.
 - (ii) If the Market Regulation Team determines that a reasonable basis exists to believe that a violation within the Company's jurisdiction has occurred or is about to occur, the potential respondent will be served with a notice of charges and proceed in accordance with this Chapter 7.
 - (iii) If the Market Regulation Team determines that disciplinary proceedings are unwarranted, it may issue a warning letter setting forth, in writing, the facts and analysis supporting the decision.
 - (iv) If the Market Regulation Team determines that no reasonable basis exists to believe that a violation within the Company's jurisdiction has occurred or is about to occur, it may direct that no further action be taken. Upon such determination, the Market Regulation Team will provide a written statement setting forth the facts and analysis supporting the decision.

706. Notice of Charges

- (a) If the Market Regulation Team authorizes disciplinary proceedings pursuant to Rule 705(a)(ii), it will prepare, and serve in accordance with Rule 708, a notice of charges.
- (b) A notice of charges will:
 - (i) state the acts, practices or conduct in which the respondent is alleged to have engaged;
 - (ii) state the Rule alleged to have been violated or about to be violated;
 - (iii) advise the respondent of its right to a hearing and its right to be represented by legal counsel or any other representative of its choosing (other than a Director, Officer or employee of the Company, any member of the Disciplinary Panel or any

- Person substantially related to the disciplinary proceedings such as a material witness or other respondent) in all succeeding stages of the disciplinary process;
- (iv) state the period of time within which the respondent can request a hearing on the notice of charges, which will not be less than 20 days after service of the notice of charges;
 - (v) advise the respondent that any failure to request a hearing within the period stated, except for good cause, will be deemed to constitute a waiver of the right to a hearing; and
 - (vi) advise the respondent that any allegation in the notice of charges that is not expressly denied will be deemed to be admitted.

707. Answer to Notice of Charges

- (a) If the respondent determines to answer a notice of charges, the respondent must file an answer within 20 days after being served with such notice, or within such other time period determined appropriate by the Chief Compliance Officer.
- (b) To answer a notice of charges, the respondent must in writing:
 - (i) for each allegation set forth in the notice of charges,
 - (A) admit such allegation,
 - (B) deny such allegation, or
 - (C) affirmatively state that the respondent does not have and is unable to obtain sufficient information to admit or deny such allegation, which shall have the effect of a denial of such allegation;
 - (ii) specify any specific facts that contradict the notice of charges;
 - (iii) specify any affirmative defenses to the notice of charges;
 - (iv) sign and serve the answer on the Chief Compliance Officer; and
 - (v) if applicable, request a hearing before a Disciplinary Panel.
- (c) Any failure by the respondent to timely serve an answer to a notice of charges will be deemed to be an admission to the allegations in such notice. Any failure by the respondent to answer one or more allegations in a notice of charges will be deemed to be an admission of that allegation or those allegations. Any allegation in a notice of charges that the respondent fails to expressly deny will be deemed to be admitted. A general denial by the respondent, without more, will not satisfy the requirements of paragraph(b) of this Rule 707.
- (d) If a respondent admits or fails to specifically deny any of the allegations in the notice of charges, the Disciplinary Panel shall find that the violations set forth in such allegations have been committed and shall impose a sanction for such violations. The Disciplinary Panel shall promptly notify the respondent in writing of any sanction imposed pursuant to this Rule 707 and advise the respondent that the respondent may request a hearing on such sanction within 20 days of the respondent being served with such notice. Any failure by the respondent to timely request a hearing with respect to a notice of sanctions will be deemed to be an acceptance of the sanctions in such notice and waiver of any right to appeal such sanctions.
- (e) A respondent shall be granted a hearing before a Disciplinary Panel for every instance in which such respondent (i) denies an allegation and requests a hearing in accordance with paragraph (b) above, or (ii) requests a hearing in accordance with paragraph (d) above.

708. Service of Notice of Charges

Any notice of charges or other documents contemplated to be served pursuant to this Chapter 7 may be served (and service shall be deemed complete) either: (i) upon the respondent personally, by leaving the same at his place of business or by deposit in the United States mail, postage prepaid, via registered or certified mail addressed to the respondent at the address as it appears on the books and records of the Company, or (ii) transmittal by electronic mail to the respondent's electronic mail address as it appears on the books and records of the Company, if followed by a hard copy of the document sent promptly thereafter by registered or certified mail addressed to the respondent at the respondent's address as it appears on the books and records of the Company.

709. Settlements

- (a) A respondent or potential respondent may at any time propose in writing an offer of settlement to anticipated or instituted disciplinary proceedings. Any offer of settlement should contain proposed findings and sanctions and be signed by the respondent or potential respondent and submitted to the Market Regulation Team. A respondent or potential respondent may offer to settle disciplinary proceedings without admitting or denying the findings contained in the order of the disciplinary proceedings but must accept the jurisdiction of the Company over it and over the subject matter of the proceedings and consent to the entry of the findings and sanctions imposed.
- (b) If a respondent or potential respondent submits an offer of settlement in accordance with paragraph (a) of this Rule 709, the Market Regulation Team will forward the offer to the Disciplinary Panel with a recommendation on whether to accept or reject the offer. The respondent or potential respondent may withdraw such offer of settlement at any time before acceptance by the Disciplinary Panel, but may not withdraw such offer at any time after acceptance by the Disciplinary Panel.
- (c) The Disciplinary Panel may accept the offer of settlement, but may not alter the terms of a settlement offer unless the respondent or potential respondent agrees.
- (d) If an offer of settlement is accepted by the Disciplinary Panel, it shall issue a written decision specifying:
 - (i) the Rule violations it has reason to believe were committed, including the basis or reasons for its conclusions;
 - (ii) any sanction to be imposed, which must include full customer restitution where customer harm has been demonstrated; and
 - (iii) if applicable, that the respondent has accepted the sanctions imposed without either admitting or denying the Rule violations.
- (e) In the event that the Disciplinary Panel accepts an offer of settlement without the agreement of the Market Regulation Team, the decision must adequately support such acceptance.
- (f) If an offer of settlement is accepted and the related order of disciplinary proceedings becomes final, the respondent's submission of the offer will be deemed to constitute a waiver of the right to notice, opportunity for a hearing and review and appeal under these Rules.
- (g) If the offer of settlement of a respondent or potential respondent is not accepted by the Disciplinary Panel, fails to become final or is withdrawn by the respondent or potential respondent before its acceptance by the Disciplinary Panel, the matter will proceed as if the offer had not been made and the offer and all documents relating to it will not become part of the record. Neither a respondent or potential respondent nor the Market Regulation

Team may use an unaccepted offer of settlement as an admission or in any other manner at a hearing of, or appeal from, disciplinary proceedings.

710. Disciplinary Panels

- (a) The Disciplinary Panel shall conduct hearings in connection with any disciplinary proceedings (except for summary impositions of fines pursuant to Rule 717), to make findings, render decisions, and impose sanctions pursuant to this Chapter 7.
- (b) Each Disciplinary Panel shall be composed of three individuals selected by the Chief Compliance Officer and shall meet the requirements set forth in CFTC Regulation 1.64. Except in cases limited to the timely submission of accurate records, each Disciplinary Panel shall consist of at least one individual who would not be disqualified from serving as a Public Director, who shall chair the Disciplinary Panel.
- (c) No member of the Market Regulation Team may serve on a Disciplinary Panel.
- (d) Except as may otherwise be provided in these Rules, the Board may at any time remove any member of a Disciplinary Panel for cause.
- (e) Within 10 days of being notified of the appointment of the Disciplinary Panel, a respondent may seek to disqualify any individual named to the Disciplinary Panel for the reasons identified in these Rules, by serving written notice on the Chief Compliance Officer and providing a copy thereof to the chairman of the Disciplinary Panel. By not timely filing a request for disqualification, the respondent will be deemed to have waived any objection to the composition of a Disciplinary Panel. The Chief Compliance Officer will decide in his sole discretion the merits of any request for disqualification. Any such decision will be final and not subject to appeal.
- (f) All information, records, materials and documents provided to the Disciplinary Panel and all deliberations, testimony, information, records, materials and documents related thereto shall be treated as non-public and confidential and shall not be disclosed, except as necessary to further a Company investigation or as otherwise required by law. No individual shall serve on a Disciplinary Panel unless that individual has agreed in writing that he will not publish, divulge, or make known in any manner facts or information regarding the business of any Person or other information which may come to his or her attention in his official capacity as a member of the Disciplinary Panel, except (i) when reporting to the Board or to a Standing Committee concerned with such information, (ii) when reporting to the Market Regulation Team, (iii) when requested by the CFTC or other government agency, or (iv) when compelled to testify in any judicial or administrative proceeding.

711. Convening Hearings of Disciplinary Proceedings

- (a) All disciplinary proceedings (except for summary impositions of fines pursuant to Rule 717) will be conducted at a hearing before a Disciplinary Panel. Hearings will be conducted privately and confidentially. Notwithstanding the confidentiality of hearings, the Disciplinary Panel may appoint an expert to attend any hearing and assist in deliberations if such expert agrees to be subject to an appropriate confidentiality agreement.
- (b) After reasonable notice to each respondent, the Disciplinary Panel will promptly convene a hearing to conduct the disciplinary proceedings with respect to such respondent. Parties to a disciplinary proceeding include each respondent and the Market Regulation Team.
- (c) The chairman of the Disciplinary Panel may continue, adjourn or otherwise conduct the hearing, as he may deem appropriate. The chairman of the Disciplinary Panel will determine all procedural and evidentiary matters, including the admissibility and relevance

of any evidence proffered. In determining procedural and evidentiary matters, the chairman of the Disciplinary Panel will not be bound by any evidentiary or procedural rules or law. Once admitted during the hearing, the Disciplinary Panel may consider, and attach the weight it believes appropriate to, evidence or other materials. The Company's Legal Department will provide guidance to the chairman of the Disciplinary Panel on the conduct of the hearing.

- (d) Except for procedural and evidentiary matters decided by the chairman of the Disciplinary Panel pursuant to paragraph (c) of this Rule 711 and Rule 712 below, unless each respondent otherwise consents, the entire Disciplinary Panel must be present during the entire hearing and any related deliberations.

712. Respondent Review of Evidence

- (a) Prior to the commencement of a hearing, each respondent will be given the opportunity, subject to (b), (c) and (d) below, to review all books, records, documents, papers, transcripts of testimony and other tangible evidence in the possession or under the control of the Company that the Market Regulation Team will use to support the allegations and proposed sanctions in the notice of charges or which the chairman of the Disciplinary Panel deems relevant to the disciplinary proceedings. Notwithstanding the foregoing, no respondent will have the right to review, and the Company will have no obligation to disclose, any information protected by attorney-client privilege. All requests for such information must be made not less than 10 days prior to the scheduled hearing date, unless the chairman of the Disciplinary Panel agrees otherwise.
- (b) If any books, records, documents, papers, transcripts of testimony, or other tangible evidence contain information that could adversely affect the competitive position of the Person providing the information or if such information might compromise other investigations being conducted by the Market Regulation Team, the Market Regulation Team may redact, edit or code such information before furnishing it to the respondent.
- (c) Notwithstanding anything in paragraph (b) of this Rule 712 to the contrary, the Market Regulation Team:
 - (i) will not redact, edit or code competitive or investigative information contained in documents in a manner that would materially impair the respondent's ability to defend against the allegations or proposed sanctions in the notices of charges, and
 - (ii) will provide the respondent with access to the information and portions of the documents that the Market Regulation Team intends to rely on to support the allegations or proposed sanctions in the notice of charges.
- (d) For purposes of this Rule 712, information that could adversely affect competitive positions includes positions in Swaps currently held, trading strategies employed in establishing or liquidating positions, the identity of any Participant, Authorized User, Trading Customer, Clearing Member or other Person and the personal finances of the Person providing the information.
- (e) The respondent shall treat as confidential all data and information provided to it pursuant to this Rule 712, and shall not disclose any such data or information, except as necessary to the respondent's defense of notice of charges and any appeal of the decision of the Disciplinary Panel.

713. Conducting Hearings of Disciplinary Panels

- (a) At a hearing conducted in connection with any disciplinary proceedings, the Market Regulation Team will present its case supporting the allegations and proposed sanctions in the notice of charges to the Disciplinary Panel. If a respondent has timely filed an answer to the notice of charges in accordance with Rule 707, the respondent is entitled to attend and participate in the hearing.
- (b) At a hearing conducted in connection with any disciplinary proceedings, the Market Regulation Team and each respondent may:
 - (i) present evidence and facts determined relevant and admissible by the chairman of the Disciplinary Panel;
 - (ii) call and examine witnesses; and
 - (iii) cross-examine witnesses called by other parties.
- (c) If the respondent fails to file an answer, has filed a general denial, or if any or all of the allegations in the notice of charges are not expressly denied in the respondent's answer, the chairman of the Disciplinary Panel may limit evidence concerning any allegations not expressly denied in determining the sanctions to impose. If a respondent fails to file an answer but appears at the hearing, the respondent may not participate in the hearing (by calling or cross-examining witnesses, testifying in defense, presenting evidence concerning the notice of charges, or otherwise) unless the Disciplinary Panel determines that the respondent had a compelling reason for failing to timely file an answer. If the Disciplinary Panel determines that the respondent had a compelling reason for failing to timely file an answer, the Disciplinary Panel will adjourn the hearing and direct the respondent to promptly file the written answer in accordance with Rule 707.
- (d) Any Person entitled, or required or called upon, to attend a hearing before a Disciplinary Panel pursuant to paragraph (b)(ii) of this Rule 713 will be given reasonable notice, confirmed in writing, specifying the date, time and place of the hearing, and the caption of the disciplinary proceedings. The Company will require all natural persons acting as employees or agents of Participants, Trading Customers or Clearing Members and Authorized Users and other Persons that are called as witnesses to appear at the hearing and produce evidence. The Company will make reasonable efforts to secure the presence of all other Persons called as witnesses whose testimony would be relevant.
- (e) If during any disciplinary proceedings the Disciplinary Panel determines that a reasonable basis exists to believe that the respondent violated a Rule or a provision of Applicable Law other than the violations alleged in the notice of charges, the Disciplinary Panel may consider those apparent violations after providing the respondent with an opportunity to answer the additional allegations in accordance with Rule 707. In connection with considering apparent violations pursuant to this paragraph (e), the Disciplinary Panel may request that the Market Regulation Team provide the Disciplinary Panel with any additional information.
- (f) The Disciplinary Panel may summarily impose sanctions on any Participant, Authorized User, Trading Customer or Clearing Member that impedes or delays the progress of a hearing.
- (g) The Company will arrange for any hearing conducted in connection with disciplinary proceedings to be recorded verbatim, or substantially verbatim, in a manner capable of accurate transcription. The record shall not be transcribed unless requested by CFTC staff or the respondent or the decision is appealed. If the respondent requests a copy of all or portions of the recording of a hearing, the chairman of the Disciplinary Panel may within his sole discretion order the respondent to pay the costs for transcribing the recording of the hearing.

- (h) No interlocutory appeals of rulings of any Disciplinary Panel or chairman of the Disciplinary Panel are permitted.

714. Decision of Disciplinary Panel

- (a) As promptly as reasonable following a hearing, the Disciplinary Panel will issue an order rendering its decision based on the weight of the evidence contained in the record of the disciplinary proceedings. A decision by a majority of the Disciplinary Panel will constitute the decision of the Disciplinary Panel.
- (b) The Company will serve a copy of the order of the Disciplinary Panel on the respondent and the Market Regulation Team. The order will include:
 - (i) the notice of charges or summary of the allegations;
 - (ii) the answer, if any, or a summary of the answer;
 - (iii) a brief summary of the evidence introduced at the hearing (or, where appropriate, incorporation by reference of the Investigation Report);
 - (iv) findings of fact and conclusions concerning each allegation, including each specific Rule that the respondent is found to have violated;
 - (v) the imposition of sanctions, if any, and the effective date of each sanction; and
 - (vi) notice of the respondent's right to appeal pursuant to Rule 716.
- (c) A Disciplinary Panel shall be dissolved automatically when it has decided the matter for which it was appointed and has notified the respondent and the Chief Compliance Officer in writing of its decision.
- (d) Unless a timely notice of appeal is filed pursuant to Rule 716, the order of the Disciplinary Panel will become final upon the expiration of 20 days after the order is served on the respondent and a copy thereof is provided to the Market Regulation Team.

715. Sanctions

- (a) After notice and opportunity for hearing in accordance with these Rules, the Company may impose sanctions if any Participant, Authorized User, Trading Customer, Clearing Member, Client Account, Clearing Customer or other Person using any of the Participant's User IDs is found to have violated or to have attempted to violate a Rule for which the Company possesses jurisdiction. Any such sanctions shall take into account the respondent's disciplinary history (if any). The Company may impose one or more of the following sanctions or remedies on any Participant, Authorized User, Trading Customer, Clearing Member, Client Account, Clearing Customer or other Person using any of the Participant's User IDs:
 - (i) a warning letter, provided that no more than one warning letter may be issued to the same respondent found to have committed the same rule violation within a rolling 12-month period;
 - (ii) censure;
 - (iii) limitation, restriction or qualification of Trading Privileges, Clearing Privileges or other activities, functions or operations;
 - (iv) suspension of Trading Privileges or Clearing Privileges for a period not to exceed 12 months;
 - (v) fine (subject to paragraph (b) of this Rule 715);

- (vi) restitution or disgorgement, to include restitution in the event of customer harm, except where the amount of restitution or to whom it should be provided cannot be reasonably determined;
 - (vii) termination of Trading Privileges or Clearing Privileges;
 - (viii) expulsion; or
 - (ix) any other sanction or remedy deemed to be appropriate.
- (b) The Company may impose a fine of up to \$100,000 for each violation. If a fine or other amount is not paid within 30 days of the date that it becomes payable, then interest will accrue on the sum from the date that it became payable at the quoted prime rate plus three per cent. The Company has sole discretion to select the bank on whose quotations to base the prime rate. Each Participant, Authorized User, Trading Customer, Clearing Member or other Person using any of the Participant's User IDs will be responsible for paying its own fine for a violation.

716. Appeal from Disciplinary Panel Decision, Summary Impositions of Fines and Other Summary Actions

- (a) Each respondent found by the Disciplinary Panel to have violated (or, in the case of a Participant, whose Authorized User, Trading Customer or other Person using its User ID was found to have violated) a Rule or who is subject to any summary fine imposed pursuant to Rule 717 or any summary action imposed pursuant to Rule 718 may appeal the decision within 20 days of receiving the order of the Disciplinary Panel or the notice of summary action, as the case may be, by filing a notice of appeal with the Chief Compliance Officer.
- (b) The Market Regulation Team may appeal all or any part of a decision of the Disciplinary Panel, including any sanctions that may or may not have been imposed by the Disciplinary Panel, within 20 days of receiving the order of the Disciplinary Panel, by filing a notice of appeal with the Chief Compliance Officer.
- (c) While an appeal is pending, the effect of the order of the Disciplinary Panel or the summary action (including any sanctions, remedies or costs imposed thereby) shall be suspended.
- (d) The notice of appeal must state in writing the grounds for appeal, including the findings of fact, conclusions or sanctions to which the respondent objects. An appellant may appeal the order of the Disciplinary Panel or any summary action on the grounds that:
 - (i) the order or summary action was arbitrary, capricious, an abuse of discretion, or not in accordance with these Rules;
 - (ii) the order or summary action exceeded the authority or jurisdiction of the Disciplinary Panel, the Chief Compliance Officer or the Company;
 - (iii) the order or summary action failed to observe required procedures;
 - (iv) the order or summary action was unsupported by the facts or evidence; or
 - (v) the sanctions, remedies or costs which were imposed were inappropriate or unsupported by the record.
- (e) The Chief Compliance Officer will forward copies of any notice of appeal received by it to all parties to the disciplinary proceeding or summary action, as the case may be, except the appellant. On or before the 20th day after filing a notice of appeal, the appellant must file with the Chief Compliance Officer and serve on the Market Regulation Team a brief supporting the notice of appeal and documents supporting the brief. On or before the 20th day after the date on which the appellant serves their supporting brief, the appellee must file and serve its brief in opposition. On or before the 10th day after the date on which the

appellee serves its brief in opposition, the appellant must file and serve a brief in reply on the Market Regulation Team.

- (f) In connection with any appeal, the Market Regulation Team will furnish to the Chief Compliance Officer and to the respondent/appellant a transcript of the hearing, any exhibits introduced at the hearing, the notice of appeal and briefs filed to support and oppose the appeal.
- (g) No later than 30 days after the last submission filed pursuant to paragraph (d) of this Rule 716, the Chief Compliance Officer will appoint an Appeals Panel to consider and determine the appeal. An Appeals Panel shall be comprised of three individuals, none of whom shall be a member of the Market Regulation Team or have been a member of any Disciplinary Panel involved in the matters on appeal. The chairman of the Appeals Panel shall be an individual who would not be disqualified from serving as a Public Director.
- (h) Within 10 days of being notified of the appointment of the Appeals Panel, a respondent may seek to disqualify any individual named to the Appeals Panel for the reasons identified in these Rules, by serving written notice on the Chief Compliance Officer. By not timely filing a request for disqualification, the respondent will be deemed to have waived any objection to the composition of the Appeals Panel. The Chief Compliance Officer will decide the merits of any request for disqualification within his or her sole discretion. Any such decision will be final and not subject to appeal.
- (i) The Appeals Panel may hold a hearing to allow parties to present oral arguments. Any hearing will be conducted privately and confidentially. Notwithstanding the confidentiality of hearings, the Appeals Panel may appoint an expert to attend any hearing and assist in the deliberations if such individuals agree to be subject to appropriate confidentiality agreements. In determining procedural and evidentiary matters, the Appeals Panel will not be bound by evidentiary or procedural rules or law.
- (j) The Appeals Panel will only consider on appeal the record before the Disciplinary Panel or, in the case of a summary action, the record considered by the Chief Compliance Officer, the notice of appeal, the briefs filed in support and opposition of the appeal, and any oral arguments of the parties. The Appeals Panel may only consider new evidence when the Appeals Panel is satisfied that good cause exists for why the evidence was not introduced during the disciplinary proceeding or when imposing the summary action.
- (k) After completing its review, the Appeals Panel may affirm, modify or reverse any order of the Disciplinary Panel or summary action under appeal, in whole or in part, including increasing, decreasing or eliminating any sanction or remedy imposed, imposing any other sanction or remedy authorized by these Rules, or remanding the matter to the same or a different Disciplinary Panel for further disciplinary proceedings or for reconsideration by the Chief Compliance Officer in the case of summary action. The Appeals Panel may order a new hearing for good cause or if the Appeals Panel deems it appropriate.
- (l) As promptly as reasonably possible following its review, the Appeals Panel will issue a written decision on appeal rendering its decision based on the weight of the evidence before the Appeals Panel. The decision of the Appeals Panel will include a statement of findings of fact and conclusions for each finding, sanction, remedy and cost reviewed on appeal, including each specific Rule and provision of Applicable Law that the respondent is found to have violated, if any, and the imposition of sanctions, remedies and costs, if any, and the effective date of each sanction, remedy or cost. If pursuant to the decision of the Appeals Panel a disciplinary action or access denial action (as such terms are defined in CFTC Regulation 9.2) is to be imposed, then within thirty days of the issuance of such action, the Company will provide written notice of such action to: (i) the person against whom the action was taken and (ii) to the CFTC, such notice filed through the NFA's BASIC system.

- (m) The Appeals Panel's written decision on appeal (including findings of fact and conclusions and the imposition of sanctions, remedies and costs, and the effective date of any sanction, remedy cost) will be the final action of the Company and will not be subject to appeal within the Company. Any disciplinary or access denial action imposed by the Company pursuant to the Appeals Panel's decision will not become effective until at least fifteen days after the written notice required under paragraph (l) of this Rule is delivered to the person disciplined or denied access.

717. Summary Imposition of Fines

- (a) The Chief Compliance Officer may summarily impose a fine against a Participant (on behalf of itself or any of its Authorized Users, Trading Customers or other Persons using any of its User IDs), Trading Customer or Clearing Member for failing:
 - (i) to timely pay fees, cost, charges or fines to the Company or a DCO;
 - (ii) to make timely and accurate submissions to the Company of notices, reports or other information required by these Rules; and
 - (iii) to keep any books and records required by these Rules.
- (b) The Market Regulation Team, acting on behalf of the Chief Compliance Officer, will give notice of any fine imposed pursuant to this Rule 717 to each Participant, Authorized User, Trading Customer or Clearing Member subject thereto. The notice will specify (i) the violation of these Rules for which the fine is being imposed, (ii) the date of the violation and (iii) the amount of the fine. Within 20 days of serving the notice of fine, the Participant, Authorized User, Trading Customer or Clearing Member, as the case may be, must either pay or cause the payment of the fine or file notice of an appeal pursuant to Rule 716. Unless timely notice of appeal is filed pursuant to Rule 716, the fine will become final upon the expiration of 20 days after the notice of fine is served on the Participant, Authorized User, Trading Customer or Clearing Member, as the case may be.
- (c) The Company will set the amount of any fines imposed pursuant to this Rule 717, with the maximum fine for each violation not to exceed \$5,000. Summary imposition of fines pursuant to this Rule 717 will not preclude the Company from bringing any other action against the Participant, Authorized User, Trading Customer or Clearing Member, as the case may be.

718. Summary Suspensions and Other Summary Actions

- (a) Notwithstanding anything in these Rules to the contrary, if the Chief Compliance Officer believes that immediate action is necessary to protect the best interests of the Company or the marketplace, the Chief Compliance Officer may, after consultation with the Regulatory Oversight Committee summarily suspend, revoke, limit, condition, restrict or qualify: (i) the Trading Privileges of a Participant, (ii) the exercise of such Trading Privileges by any of its Authorized Users or Trading Customers, (iii) Clearing Privileges of a Clearing Member, or (iv) take other summary action against a Clearing Member, Participant or any of its Authorized Users, or Trading Customer in accordance with these Rules.
- (b) Whenever practicable, the Market Regulation Team, acting on behalf of the Chief Compliance Officer, shall provide prior written notice to the party against whom any action in accordance with paragraph (a) shall be taken. If prior notice is not practicable, the Company will give notice at the earliest possible opportunity to the respondent against whom the action is brought. The Market Regulation Team, acting on behalf of the Chief Compliance Officer, will prepare a notice of summary action (which will state the action, the reasons for the action, and the effective time, date and duration of the action) and serve the notice on such party and advise the recipient of the notice of its right to a prompt hearing before a Disciplinary Panel and its right to be represented by legal counsel or other

representative at such hearing. A request by the recipient of the notice for such a hearing shall not delay the effectiveness of the summary action.

- (c) At the request of the Company, a respondent against whom a summary action is brought pursuant to this Rule 718 must provide books and records over which the respondent has access or control and must furnish information to, or appear or testify before, the Company or the Disciplinary Panel with the enforcement of any Rule.
- (d) If a hearing is requested pursuant to paragraph (b) of this Rule 718, the Disciplinary Panel will promptly convene a hearing to be conducted in accordance with Rule 713.
- (e) As promptly as reasonably possible after the hearing, the Disciplinary Panel will issue to the respondent a written order affirming, modifying, or reversing the summary action. The order will include a description of the summary action taken, a summary of the evidence introduced at the reinstatement hearing, a statement of findings of fact and conclusions, a description of any action taken or to be taken by the Company, and the effective date, time and duration thereof.
- (f) Any decision of a Disciplinary Panel pursuant to this Rule 718 will be the final action of the Company, and not subject to appeal within the Company upon serving the respondent with a copy of the decision.

719. Reinstatement after Summary Suspension

- (a) A respondent whose Trading Privileges or Clearing Privileges are suspended, revoked, limited, conditioned, restricted or qualified pursuant to Rule 718 may apply for reinstatement by filing with the Market Regulation Team a written request stating the applicant's reasons for seeking reinstatement. The Company will not consider a respondent's request for reinstatement if the respondent:
 - (i) owes any fines, fees, charges or costs to the Company;
 - (ii) continues to fail to appear at disciplinary proceedings without good cause; or
 - (iii) continues to impede the progress of disciplinary proceedings.
- (b) Within a reasonable period after the filing of a request for reinstatement, the Appeals Panel will conduct a hearing to consider the request. At the hearing for reinstatement, the respondent will present its case supporting the reinstatement and the Market Regulation Team, acting on behalf of the Chief Compliance Officer may, in its discretion, present its case opposing or supporting the reinstatement and each may present relevant and admissible evidence and facts and call, examine and cross-examine witnesses. At the hearing for reinstatement, the Company may require any Participant, Authorized User, Trading Customer, or Clearing Member (and, as applicable, any of their employees or affiliates) involved in activity proposed to be conducted on the SEF to appear as witnesses and produce evidence if the Appeals Panel determines that the evidence is relevant.
- (c) As promptly as reasonably possible after a reinstatement hearing, the Appeals Panel will issue an order reinstating, denying the reinstatement, or placing conditions on the reinstatement of the Trading Privileges or Clearing Privileges of the respondent. The order will include a brief summary of the evidence introduced at the reinstatement hearing; and, if applicable, findings of fact and conclusions not contained in the notice of summary action issued pursuant to Rule 718(b) above. The order of the Appeals Panel may not be appealed.

720. Rights and Responsibilities after Suspension or Termination

- (a) When the Trading Privileges of a Participant, the exercise of such Trading Privileges by an Authorized User or Trading Customer, or the Clearing Privileges of a Clearing Member are suspended for a period of 12 months or less, none of its rights, Trading Privileges or Clearing Privileges (including the right to hold oneself out to the public as a Participant, Trading Customer, Clearing Member or Authorized User or enter Orders or submit or respond to Voice RFQs on the SEF and receive Participant rates for fees, costs, and charges and deposit margin at Participant levels, as applicable) will apply to such Participant, Trading Customer, Clearing Member or Authorized User during the period of the suspension, except for the right to assert claims against others as provided in Chapter 8 of these Rules. Any such suspension will not affect the rights of creditors under these Rules or relieve the Participant, Trading Customer, Clearing Member or Authorized User of its obligations under these Rules to perform with respect to any Swaps entered into before the suspension, or for any Company fees, costs, or charges incurred during the suspension. The Company may discipline a suspended Participant, Trading Customer, Clearing Member or Authorized User under this Chapter 7 for any violation of a Rule or provision of Applicable Law committed by the Participant, Trading Customer, Clearing Member or Authorized User before, during or after the suspension.
- (b) When the Trading Privileges of a Participant, the exercise of such Trading Privileges by an Authorized User or Trading Customer, or the Clearing Privileges of a Clearing Member are terminated, all of its rights, Trading Privileges or Clearing Privileges, as applicable, will terminate, except for the right of the Participant, Trading Customer, Clearing Member or Authorized User in question to assert claims against others, as provided in Chapter 8 of these Rules. Any such termination will not affect the rights of creditors under these Rules. A terminated Participant, Trading Customer or Authorized User may only seek to reinstate his authorization to exercise Trading Privileges by providing the Company with satisfactory evidence that he complies with Rule 303. A terminated Clearing Member may only seek to reinstate its authorization to exercise Clearing Privileges by providing the Company with satisfactory evidence that he complies with all the terms and conditions of the Clearing Member Relationship Agreement. The Company will not consider the application of a terminated Participant, Trading Customer, Clearing Member or Authorized User if such Participant, Trading Customer, Clearing Member or Authorized User, as the case may be, fails to appear at disciplinary proceedings without good cause or impedes the progress of disciplinary proceedings.
- (c) A suspended or terminated Participant, Trading Customer, Clearing Member or Authorized User remains subject to these Rules and the jurisdiction of the Company for any acts or omissions prior to the suspension or termination, and must cooperate in any inquiry, investigation, disciplinary proceeding, appeal from disciplinary proceedings, summary suspension or other summary action as if the suspended or terminated Participant, Trading Customer, Clearing Member or Authorized User still had Trading Privileges or Clearing Privileges or could still exercise Trading Privileges or Clearing Privileges, as applicable.

721. Notice of Disciplinary Proceedings

The Company will provide written notice of disciplinary proceedings to the parties and the RSP consistent with applicable CFTC Regulations. Whenever the Company suspends, expels, fines or otherwise disciplines, or denies any Person access, to the Company, the Company will make the public disclosures required by CFTC Regulations.

Chapter 8. ARBITRATION

801. General

- (a) Except as otherwise provided in these Rules, Participants, Authorized Users and Trading Customers shall arbitrate pursuant to these Rules in this Chapter 8 all disputes, controversies and claims between or among themselves arising out of a Swap or the use of the systems or services of the Company or the services, equipment, or facilities used to support such systems or services, including, without limitation, the SEF. Any such claim against a Participant, Authorized User or Trading Customer shall be brought within two years from the time that a cause of action has accrued. This Rule 801 shall in no way be construed to create a cause of action and shall not authorize an action that would otherwise be prohibited by these Rules or Applicable Law. If for any reason a court of competent jurisdiction finds that a dispute is not arbitrable, such dispute may be litigated only in accordance with Rule 1113.
- (b) Notwithstanding the foregoing, this Rule 801 does not apply to disputes between or among Participants, Authorized Users or Trading Customers that: (i) such Persons are required by the rules of a self-regulatory organization to submit to the dispute resolution procedures of that self-regulatory organization; or (ii) such Persons have, by valid and binding agreement, committed to negotiate or litigate in a forum other than the forum set out in Rule 802.

802. Forum and Arbitration Rules

NFA will conduct any and all arbitrations of a type described in Rule 801 pursuant to NFA's Member Arbitration Rules, as if each Participant or Trading Customer to such arbitration was an "NFA Member," and references in the Member Arbitration Rules to an "Associate" of an "NFA Member" shall mean and include an Authorized User.

803. Initiating an Arbitration Claim

- (a) A Participant, Authorized User or Trading Customer may initiate an arbitration claim by submitting the required documents and fees to NFA.
- (b) A Participant, Authorized User or Trading Customer submitting an arbitration claim shall provide notice of such claim to the Company.

804. Claims Relating to Trade Cancellations or Price Adjustments

All claims relating to trade cancellations or price adjustments pursuant to Rule 407 shall be arbitrated in accordance with this Chapter 8.

805. Penalties

- (a) Any failure on the part of any Participant, Authorized User or Trading Customer to arbitrate a case subject to arbitration, or the commencement by any such Participant, Authorized User or Trading Customer of a suit in any court prior to arbitrating a case subject to arbitration, violates these Rules and subjects such Person to disciplinary proceedings pursuant to Chapter 7.
- (b) The Company may summarily suspend, pursuant to Chapter 7, a Participant or Authorized User that fails to satisfy an arbitration award rendered in any arbitration conducted pursuant to this Chapter 8.

 - (iv) *New Swap/Corrected Terms*. A “New Swap/Corrected Terms” means, with respect to a Cleared Error Swap, including a Cleared Error Swap that is a component Swap of a Package Transaction, a swap executed on or pursuant to the Rules of the SEF and submitted for clearing in accordance with the provisions of Rule 1005(d), whose terms, other than time of execution, reflect the terms to

which the original counterparties or intended counterparties mutually assented when they executed the related Cleared Error Swap.

- (c) New Swap/Old Terms following a DCO Rejected Swap.
 - (i) A counterparty (or, if applicable, the Introducing Agent or Account Manager acting on behalf of a counterparty) to a DCO Rejected Swap may, as quickly as technologically practicable after receipt from the Company of notice of the Cleared Swap's rejection from clearing (but in any case no later than 30 minutes from the issuance of a notice of rejection by the relevant DCO to such Clearing Member), provide to the Company:
 - (A) a description of the clerical or operational error or omission that caused the DCO Rejected Swap to be rejected from clearing or, in the case of a component Swap of a Package Transaction, a description of the clearing sequencing that caused the rejection of such component Swap from clearing;
 - (B) the unique swap identifier (as that term is defined in CFTC Regulations) for the DCO Rejected Swap and any additional information reasonably requested by the Company; and

 - (iii) Upon making an affirmative finding that the original Swap qualifies as a DCO Rejected Swap, and that the execution of a New Swap/Old Terms would be consistent with the standards set forth in Rule 407(c), the Company will determine whether it is able to determine how to correct the error.
 - (A) If the Company is able to determine how to correct the error, the Company may execute a New Swap/Old Terms, without obtaining the consent of the counterparties, and submit it to the relevant DCO for clearing, as soon as technologically practicable.
 - (B) If the Company is not able to determine how to correct the error, it may seek guidance from the counterparties to the original Cleared Swap on how to address the error, and in such case, shall only submit a New Swap/Old Terms after obtaining consent from the counterparties.
 - (C) In no event shall a New Swap/Old Terms be executed pursuant to this Rule 1005(c) later than 60 minutes from the issuance of a notice of rejection by the relevant DCO to the relevant Clearing Members.

 - (i) A counterparty (or, if applicable, the Introducing Agent or Account Manager acting on behalf of a Trading Customer or Client Account) to a Cleared Error Swap may, as quickly as technologically practicable after its determination of the existence of such Cleared Error (but in any case no later than 3 days after the Cleared Error Swap was executed), provide to the Company:
 - (A) a description of the clerical or operational error or omission in the terms of the Cleared Error Swap;
 - (B) the unique swap identifier (as that term is defined in CFTC Regulations) for the DCO Rejected Swap and any additional information reasonably requested by the Company; and
 - (C) a representation that the Swap qualifies as a Cleared Error Swap, which shall be accompanied by a request by both counterparties (or, if applicable, the Introducing Agent or Account Manager acting on behalf of any such counterparty) for submission by the Company to the relevant DCO of a New Swap/Old Terms to offset and extinguish the Cleared Error Swap and, if the counterparties so elect, a New Swap/Corrected Terms to correct such clerical or operational error or omission.
 - (ii) Upon receipt of the information listed in Rule 1005(d)(i) above, the Company shall promptly make an affirmative finding as to whether the original Swap qualifies as a Cleared Error Swap and whether the execution of a New Swap/Old Terms and, if applicable, a New Swap/Corrected Terms would be consistent with the standards set forth in Rule 407(c).
 - (iii) Upon making an affirmative finding that the original Swap is a Cleared Error Swap, and that the execution of a New Swap/Old Terms and, if applicable, a New Swap/Corrected Terms would be consistent with the standards set forth in Rule 407(c), the Company will determine whether it is able to determine how to correct the error.
 - (A) If the Company is able to determine how to correct the error, the Company may execute a New Swap/Old Terms and New Swap/Corrected Terms, as necessary, without obtaining the consent of the counterparties, and submit

such Swaps to the relevant DCO for clearing, as soon as technologically practicable.

- (B) If the Company is not able to determine how to correct the error, it may seek guidance from the counterparties to the original Cleared Error Swap on how to address the error, and in such case, shall only submit a New Swap/Old Terms and, if applicable, a New Swap/Corrected Terms after obtaining consent from the counterparties.
 - (C) In no event, shall a New Swap/Old Terms or a New Swaps/Corrected Terms be executed pursuant to this Rule 1005(d) later than 3 days after the Cleared Error Swap was executed.

1109. Force Majeure

Notwithstanding any other provision of these Rules, the Company shall not be obligated to perform its obligations under these Rules or any agreement with a Participant or Trading Customer, or to compensate any Person for losses occasioned by any delay or failure of performance, to the extent a delay or failure of performance is the result of circumstances that the Company determines, in its sole discretion, may have an adverse effect upon the functions and facilities of the Company, including acts of God, fire or other natural disasters, bomb threats, acts of terrorism or war, severely inclement weather, power outages, or interruption in telecommunications or Internet services or services by network service providers.

1110. Extension or Waiver of Rules

The Company may, in its sole discretion, waive, or extend the time period for performing, any act or acts designated by these Rules, but only to the extent that such waiver or extension is not inconsistent with the CEA or CFTC Regulations.

1111. Effect of Amendment, Repeal or New Rule

The Company may, in compliance with the CEA and CFTC Regulations, amend or repeal any Rule and/or adopt new Rules. Any such amendment or repeal of a Rule or adoption of a new Rule, shall, upon the effective date of such amendment, repeal or adoption, as applicable, be binding on all Persons subject to the jurisdiction of the Company (regardless of when any such Person became subject to the Company's jurisdiction) and all Swaps (regardless of whether any such Swap was entered into after such effective date); provided that any amendment or repeal of Rules or any adoption of new Rules regarding disclosure or confidentiality of Participant Data or information about a Participant, Trading Customer, or Client Account, as applicable, shall be binding on all Persons subject to the jurisdiction of the Company after the effective date of such amendment, repeal or adoption, and all Swaps entered into after such effective date.
