

Survey Results

Thank you for taking the time to fill out our Global Client ESG Survey. Below you will find some interesting take aways from the responses we received from our buy-side community. For each survey completed a tree was planted via The Nature Conservancy's Plant-a-Billion Trees Campaign. At Tradeweb we are committed to doing our part to fight the negative affects of climate change and this is one small step in the right direction.

Respondent Information

Total Respondents

100

Top ESG data and ratings providers used by respondents

Our promise

1000
as part of the survey we promised to plant trees for each survey response. We have now planted 1000 trees with the charity [Nature Conservancy](#).
